Overview (max 250 words)

Allseas' 382 m long, 124 m wide dynamically positioned platform installation/decommissioning and pipelay vessel Pioneering Spirit was delivered at the end of 2014.

Results (max 250 words)

Allseas has performed numerous studies, including extensive EPRT FEED studies, for various operators, to demonstrate the feasibility of Pioneering Spirit for the removal and installation of topsides and jackets.
