ATLAS DECOM
GOLD SPONSOR

Busman's holiday

Eve of change

Change is a constant - for this week

- Post COVID19 market structure and activity
- Multilateral challenges - security of supply, LL&D, ET...
- O&G and NES challenge of Just Transition

A new sense of direction for DNS

- Repositioning: international, SMEs for LL&D in energy
- New leadership
- New format (golf, cycling!)

Key themes

Decommissioning market trends - positive

- NSTA - emerging uptick in UKCS
- SDC - aggregated SoW
- Accomplishments (Awards, technical & commercial)

People, people, people

- Recruitment and retention - skills for now and future
- Young Professionals - rebuilding our community

Energy security and uncertainty

- Addressing Energy Transition, decarbonisation and decom
- Macro economic pressure

Please have fun...
