## DECOM WEEK 2024

Decom Week 2024 will examine the detail of decommissioning in the energy sector. With increasing demand signals across services, technology and people, what will enable safer and more effective decommissioning through the Energy Transition?

Our agenda will include Decom Mission's first Annual Report, live demonstrations, a dedicated session on well abandonment, indoor and outdoor exhibition space and two days of conference.

And, as we bring the decom community together, we will enable quality networking across diverse activities; golf, cycling and several social events, including our popular annual Decom Mission awards dinner.

## PARTNERSHIPS AND SPONSORSHIPS

Our Decom Week partnerships and sponsorships enable businesses to join with Decom Mission as we develop the event, and benefit from promotion as well as all aspects of a chosen package.

If you would like to reserve any of the packages available, or would like to discuss how we can tailor a package to suit your business, please get in touch.

**Please note:** The prices listed are the prices available to Decom Mission members. Alternative pricing is available to non-members on request.
