DECOM LIVE AT PETERHEAD PORT

Join us to dig into the reality of decommissioning as we bring the supply network together, quayside. Ask and answer practical questions about decommissioning capability, get close up with kit, and enjoy technical demonstrations and presentations.

ABOUT PETERHEAD PORT

Peterhead Port Authority has a significant track record across a wide range of decommissioning activities, from well decommissioning to pipeline removal, subsea removal, site remediation and offshore services. The Port is well positioned for decommissioning work in the Northern North Sea, and 13 key projects have been identified under the NTSA programme. The Port benefits from increased numbers of vessel calls, as well as lease and storage fees.

PARTNERSHIPS AND SPONSORSHIPS

Our Decommissioning Live partnerships and sponsorships enable businesses to join with Decommissioning Mission as we develop the event, and benefit from promotion as well as all aspects of a chosen package.

If you would like to reserve any of the packages available, or would like to discuss how we can tailor a package to suit your business, please get in touch.

Please note: The prices listed are the prices available to Decommissioning Mission members. Alternative pricing is available to non-members on request.
