

Decom Week 2026: Navigating the Future

As the energy transition accelerates, the decommissioning sector faces a paradox: increasing demand amid constrained capacity. This event dives into how the oil & gas, nuclear, and renewables industries can face the surge.

PARTNERSHIP PACKAGES

Decom Week 2026: Navigating the Future

As the energy transition accelerates, the decommissioning sector faces a paradox: increasing demand amid constrained capacity. This event dives into how the oil & gas, nuclear, and renewables industries can face the surge.

Our agenda will include three days of conference, workshops, indoor and outdoor exhibition space and the Decom Mission Awards.

And as always, networking will play a key role in the week's agenda, as we bring the energy sector's decom community together. In true Decom Mission style we will provide a real mix of networking opportunities, including golf, cycling, evening social events and the Decom Mission Awards dinner.

PARTNERSHIPS

Make your mark on the decommissioning industry, through a Decom Week partnership. These packages offer a wide range of promotional benefits and give you the opportunity to play your part in developing the event. If you would like to reserve a package or would like to discuss how we can tailor a package to suit your business, please get in touch with our dedicated events team at: events@decommission.net

Please note: The prices listed are the prices exclusive to Decom Mission members. Alternative pricing is available for non-members on request.
